GGS 18V-10 SLC Professional: Further information

Product Highlights

The next level of power: the GGS 18V-10 SLC Professional is Bosch's first cordless straight grinder with gearbox, offering maximum mobility, high torque at lower speeds, and excellent performance. Its high-powered brushless motor, optimised for ProCORE18V battery technology, delivers a power output equal to a 1,000-W corded grinder and a torque rate ideal for working on surfaces with heavy brushes. Easy handling is provided by an intuitive User Interface for conveniently selecting different speed settings and the preparation for Bluetooth®-connectivity for clear status information on the straight grinder via smartphone. Increased user protection and optimal tool control are supported by PROtection features such as KickBack and Drop Control as well as Brake System and Restart Protection.

Equipment & Application

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

This straight grinder is the perfect choice for fine grinding metal as well as for polishing metal surfaces.

Additional Information

It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System).
