

Epson PLQ-35 dot matrix printer 180 x 360 DPI 540 cps

Model: C11CJ11401

Manufacturer: EPSON

EAN: 8715946674636

Product Code: 1438533

R8,832

Fast, quiet passbook printer

A quiet, fast and power-efficient passbook printer with a low TCO, ideal for financial and government institutions.

Customers and staff alike will appreciate the PLQ-30's unobtrusive noise levels, which are as low as 55dBA. It's efficient, too – the print speed enhancer enables fast printing of bit image data under Windows environments to help cut queues.

Low total cost of ownership

Delivering substantial cost and energy savings, the PLQ-30 has a very low standby power consumption of 4.5W. Further reducing TCO, it can print around 10 million characters in draft mode

between ribbon changes.

Flexible

It offers excellent passbook handling and data processing flexibility, thanks to its 128kb memory and capacity for passbooks up to 2.6mm thick.

Easy installation

Simple to install, the PLQ-30 features a choice of emulations plus parallel, serial and USB interfaces as standard for an easy fit into most IT environments.

Ultra-high-speed draft mode

High speed print speeds of 585 cps.
