The HP OneLam 400 A4 is a compact laminator for versatile use in the hobby sector and home office and fits neatly on any desk. This modern laminator is suitable for both hot and cold lamination and seals your documents from business cards up to A4 format. An intuitive function button is used to set the required temperature based on the film thickness and this modern assistant is ready for use in 2-4 minutes. A cutting ruler, corner scraper and a 15-piece starter set consisting of three A4, four A5, four A6 and four business card sheets is supplied so that you can begin your laminating pleasure right away. The cutting ruler can be stored in a handy compartment underneath the device so that you always have the accessories at hand.
