Model: K33477WW

Manufacturer: KENSINGTON

EAN: 085896334774

Product Code: 1439731

R734

CA1010 USB-C to USB-A M/F Adapter allows users with older USB-A devices (thumb drives, headphones, charging cables etc.) to connect with newer USB-C devices (laptops, wall chargers etc.) - all while retaining support for performance features such as high-speed data transfer and fast charging. Plug & Play installation means it's ready to go with no need for additional power source or driver downloads. Supports speeds up to 5 Gbps - 10 times faster than USB 2.0. Up to 5V/3A charging capability depending on the host device. Features premium construction, two-year limited warranty and compatibility with a range of devices and operating systems.
