

Philips ADD5906S/10 water dispenser Black, Stainless steel 2.2 L

Model: ADD5906S/10

Manufacturer: PHILIPS

EAN: 4895244608800

Product Code: 1440640

R3,096

Pure tasting water

High performance meets ultra-convenience. Better protection against limescale build-up. Now you can enjoy pure-tasting water from ambient to piping hot within seconds. Multiple temperature and volume settings at the touch of a button.

Get the best out of your water

Enjoy crisp and pure tasting water, as well as flavourful hot and cold drinks. Philips Micro X-Clean Softening+ filter reduces chlorine, heavy metals and emerging contaminants such as microplastics and PFOA*. It also offers 50% more protection against limescale build-up.

Fresh hot water on demand within seconds

The fresh hot water comes out within seconds, at the exact temperature you like, bringing out the maximum aroma in your drinks.

3 temperature settings for your different needs

We provide pure-tasting water from ambient to piping hot. Tea, coffee, baby formula. You can do a million things with it.

Commonly used volume settings at the touch of a button

You can always find a suitable water volume to fill your cups, mugs, bottles or even jugs.

Filter lifetime indicator reminds on-time filter replacement

The filter lifetime indicator reminds you to replace the filter on time, to ensure the best filtration performance.

Plug and play; no installation required

The dispenser will start to work as soon as you connect the power and turn it on. No need to plumb in.

Safety lock to avoid scalding

When dispensing hot water, the safety lock will be automatically activated to ensure safety.

BPA-free

All parts that come into direct contact with water are made of BPA-free materials.
