Product Code: 1440785

R8,268

The Neomounts DS65S-950WH2 NEXT One SL is your ultimate partner in maximizing productivity and enhancing your workspace. Crafted with precision and innovation, this one of a kind desk mount is designed to seamlessly accommodate two screens, offering unparalleled versatility.

The NEXT One SL is a full motion monitor arm designed for two flat or curved screens up to 34" and features sliding crossbars to ensure maximum dual screen versability. Portrait, landscape, both simultaneously; anything is possible with the NEXT One SL. The DS65S-950WH2 has a maximum weight capacity up to 11 kg (curved 9 kg) per screen and is also suitable for curved ultra-wide displays. Thanks to the versatile tilt (140°), rotate (180°) and swivel (180°) technology, the mount

can be positioned in any ergonomic position. The NEXT One SL features gas spring height adjustment (0-54,2 cm) and depth adjustment (12,1-45,5 cm) to create the perfect working position. Due to the dynamic arms, the position can be easily adjusted with just one hand.

The DS65S-950WH2 includes the convenient 180°-stop mechanism, that prevents the mount from making contact with the wall or separation panel when installed near it. The smart cable management system ensures orderly routing of the cables and a clutter-free workspace.

The elegant black VESA plates of the NEXT One SL integrate stylishly with your screen and are suitable for screens that meet pattern 75x75 or 100x100 mm. For non-standard hole patterns, Neomounts has various VESA optional adapter plates available. The monitor arm is equipped with a Quick-release VESA system and comes with both a topfix clamp and grommet for quick and easy installation.

Committed to sustainability, the packaging of NEXT One SL is 100% plastic-free and entirely made from recyclable cardboard and paper. The NEXT One desk mounts have an extended warranty period of 10-years. Upgrade your workspace with the Neomounts NEXT One SL; where functionality meets design.
