ASUS AC65-05 Universal White AC Fast charging Indoor

Model: 90XB09AN-BPW010

Manufacturer: ASUS

EAN: 4711387472804

Product Code: 1441168

R1,701

Superfast Charging, Right In Your Pocket

The ASUS 65W USB-C GaN Charger is a pocket-sized adapter for laptops and mobile devices. It features dual USB Type-C® ports that enable users to fast-charge two devices simultaneously, eliminating the need for multiple chargers for different devices.

Design

Sleek and compact

This compact charger weighs just 120 grams and measures 32 x 64.1 x 30 mm — making it considerably smaller than traditional chargers. The space-saving, square-shaped design ensures it doesn’t interfere with adjacent power supplies when plugged into an electrical socket.

GaN Technology

The mini charger with mighty power

Gallium nitride (GaN) technology is the driving force behind the ASUS 65W USB-C GaN Charger’s exceptional performance. GaN is a high-grade semiconductor with superb electrical transfer properties, ensuring extremely efficient charging and minimal heat buildup.

Universal Fast Charging

Dual USB Type-C® ports

Dual USB Type-C® ports allow simultaneous charging of two devices, eliminating the need for separate chargers for laptops, phones and tablets during travel. It’s able to charge an empty phone battery to 50% in just 30 minutes. ASUS 65W USB-C GaN Charger includes a 1.5-meter USB-C-to-USB-C cable.1

Simultaneous Charging

Superfast charging, wherever you are

The ASUS 65W USB-C GaN Charger offers up to 65 watts of power when charging one device, and features Smart Load Balancing to distribute output between the two USB Type-C® ports during simultaneous charging.

Rigorous Quality Testing

Stringent quality testing

A built-in electronic marker chip (E-Marker) ensures compatibility between the cable and the device, and allows the ASUS 65W USB-C GaN Charger to fast-charge laptops and mobile devices. The charger has been subjected to a battery of stringent durability tests, including a 3000-cycle cable bend test and 10,000-cycle insert-and-removal test.
