Get the speeds up to 286.8 Mbps1 with efficiency, and stability of Wi-Fi 6, providing ample bandwidth for Internet surfing, email, and social media.

Connect Up to 32 Devices

Instead of tethering one device via USB dongle, easily create your own Wi-Fi hotspot to share your Internet connection with up to 32 wireless devices simultaneously. Ideal for group travel or sharing data with friends and family on the go.

Up to 16 Hours Battery Life

Equipped with a 3000mAh rechargeable Li-ion battery, the DWR-932W keeps you connected for up to 16 hours2, built to handle even your longest days, without interruptions.

Safer Network Everywhere

Your network stays protected with a customizable password. The latest Wi-Fi security protocols safeguard your traffic from eavesdropping. The built-in firewall adds an extra layer of security against unauthorized access, and WPS lets you create a secure Wi-Fi network with just the touch of a button.

Hassle-Free Connectivity

No software installation or complex settings. Simply insert your SIM card in the on-board slot, and ready to share your connection.

Internet That Fits Your Lifestyle

The DWR-932W leverages a 4G LTE Internet connection to keep you connected wherever you are. With speeds up to 150 Mbps downlink / 50 Mbps uplink1, you can create and share a personal hotspot instantly, whether you're catching up on emails at the airport, working or studying at a café, or staying online at a campsite.
