Quick charge stand for PS5 controllers

GXT 255

Fast charging stand for PS5 controller with multicolour LED and charging indicator

Charge into battle

Get your PS5 controllers up and ready to go in no time at all. Specifically designed for your official DualSense™ controller, this Quick Charge Stand will have your controller fully charged in less than three hours. Let's go!

Click in with colour

Charging has never been more simple. With a place-on design, click your controller into the dock with ease. Want to make sure it's charging? We've got you! The dock's multicolour LED lighting lets you know when it's charging and fully charged, and looks awesome too!

Stable and simple

Less hassle, more hustle. With an anti-skid pad, this Quick Charge Stand isn't going anywhere. What's more, it comes with an included USB-C-C charging cable to easily connect straight to your PS5 or wall power adapter. Easy as pie!
