Featuring a robust keyed locking mechanism, the lock ensures secure attachment and includes two precision-cut keys for convenient daily use and backup. The 360-degree rotatable lock head combined with a pivoting cable allows flexible positioning, making it easy to connect in various setups without strain.

Built with a heavy-duty 4.5 mm steel cable and a practical 1.8 m length, the lock delivers dependable strength and reach for anchoring to desks or fixed objects. Designed for quick and secure installation, it is ready to use in seconds without tools. For organizations requiring centralized control, the lock is also compatible with master key systems, available separately.
