SenseVision USB 3.0 Dual Display Docking Station

The USB 3.0 dual display docking station is designed for extra connectivity demands. With the docking station, you can extend the connection of a computer to more USB peripherals, Ethernet network, the speaker and the microphone through one single USB cable.

With the built-in USB 3.0 ports, the docking station enables you to enjoy the super speed data transmission between USB peripherals. Aside from USB 3.0, this product is compliant with USB 1.1/2.0 specification. You will be able to keep and use your USB 1.1/2.0 devices as usual.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

In addition, the docking station is equipped with video output. With the DVI and HDMI ports, you can mirror your primary screen, or extend the Window desktop allowing visibility of more applications at the same time. Enhanced expansion capability plus the stylish appearance, this docking station with video is the most versatile accessory that also complements your home or office space.

*Incorporates HDMI® technology.
