The mount incorporates Fusion favorites like Centris tilt, ControlZone leveling adjustment and ClickConnect Latching.

- Centris low-profile tilt uses the center of gravity to balance the screen while maintaining a low profile
- Tilt can be locked at 0°, -6° or -12°
- ControlZone leveling allows post-installation fine-tuning of height and leveling
- ClickConnect offers an audible click when the display safely engages with the mount
- Post-installation lateral positioning
- Set screws keep the mount rigid, stable and secure throughout the life of the installation
- Exclusive nesting spacers can be stacked to achieve any depth
- Quick-Store Cords use magnets to easily store and access pull cords
- Integrated Security
- Ships with a custom hardware kit that can be hung from mount rails if installing in stages
- Easy Open box with less waste to throw away
