R867

Foam Pad Set 5 pcs Professional: Further information

Product Highlights

The clip-on foam pads made of rigid foam store everything safely in L-BOXX and XL-BOXX. Single or multiple stacked foam pads can be flexibly mounted in the lid of the L-BOXX or in the lid insert of the XL-BOXX to keep all items in place and prevent damage during transport.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
