Security Never Shuts Down

4MP Outdoor IR Bullet Network Camera

Looking for a higher resolution? It's right here.

4MP Super-High Definition

The VIGI C340I camera comes with 4MP—more than enough pixels to pick up some of the more discrete details.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Human & Vehicle Classification

Integrated AI chips support advanced algorithms to distinguish humans and vehicles from other objects. You can flexibly customize alarm rules to match your monitoring needs and receive more accurate event notifications

We keep an eye on your business.

Smart Detection

Backed by AI algorithms, the VIGI camera offers more smart detection. You will receive notifications when someone crosses a boundary, enters an area you've set, obstructs the camera, or removes/abandons objects.

Never miss a detail.

SmartVid-Smart Video Enhancement

VIGI's professional technologies process videos to greatly improve their quality that is vital to your monitoring, including Smart IR, WDR, 3D DNR, and Night Vision.

More compression. More savings. Same quality.

Without using any extra bandwidth, your cameras transmit compressed crystal-clear video to save disk space, ease network loads, and reduce monitoring costs without sacrificing image quality.

IP67 for Better Protection

Capable of withstanding temperatures from -30–60 °C (-22–140 °F), VIGI performs well even in harsh environments with rain and dust.

Discover the best way to power your camera.

PoE/12V DC

Two power supply ways not only give you more convenience but also make your wiring remarkably easy.

Choose the right lens for your security.

2.8/4/6 mm lens

Whether you need a wide angle lens to cover enclosed spaces like elevators or a higher millimeter lens for longer distances in open spaces like parking lots, C340I comes with three different lens

versions to better suit your security needs.

Flexible Installation

Find the perfect vantage point by simply securing your camera to ceiling, pole or wall.

Flexible Management

Take full control over your security via four management methods: the web UI, NVR UI, VIGI app, and VIGI Security Manager.

One system. Full security.

Run your business with peace of mind.

The VIGI professional surveillance system by TP-Link is dedicated to protecting the business you've worked hard to build — whenever, wherever. Our outstanding functions, reliable quality guarantees, and simplified installation work together to ensure your business stays safe and sound.
