Multi-device

1 headset, 2 devices: whether it be a PC, laptop, tablet or smartphone, with the office headset you can connect up to two devices simultaneously via Multipoint, saying goodbye to tedious plug switching

Long battery life

Never miss a call again: thanks to a 45-hour battery life, you'll always be contactable

No waiting

Charge and call at the same time: when the battery is empty, simply plug in the cable and carry on using the business headset. That's how modern offices work nowadays

Rechargeable

Sustainable and practical: instead of tiresome battery changes, simply charge up the battery for the wireless headphones via USB-C

Multi-function button

Easy to use: control call and smartphone functions via the multifunction button directly on the wireless headphones' earpads (e.g. take / make / reject calls / last number redial / music)

Voice over IP

Ideal meeting partner: the headset with microphone supports voice over IP, e.g. Skype, Teams, Zooms, YouTube, Office Calls, video conferences and more

280° vertically adjustable microphone arm

Adjust the position to suit easily or switch sides: the microphone arm can swivel around 280°, making it suitable for left-handed and right-handed users

Superb wearing comfort

For extra-long conversations: on-ear headphones with padded earpads and headband for the perfect fit, even if the conversation is a long one

USB charging cable

Always flexible: extra-long cable for more flexibility and freedom of movement and a straightforward connection of the wireless headset to the PC or notebook

On/Off switch

Energy saving made easy: with the separate On/Off switch, the Bluetooth headset with microphone only draws current when you need it
