R2,051

The Equip USB 2D Omnidirectional Desktop Barcode Scanner is a versatile and high-performance scanning solution for various industries. Designed for desktop use, this device is perfect for retail, point-of-sale, and office applications. With omnidirectional scanning capability, it can quickly and accurately read 2D barcodes from any angle, enhancing efficiency and reducing user effort.

The USB connectivity ensures easy integration with your computer or POS system, simplifying the setup process. This scanner is equipped to handle a wide range of barcode types, including QR codes and Datamatrix, making it suitable for tasks like product tracking, inventory management, and document handling.

The desktop design ensures stability and ease of use, allowing for hands-free scanning on a countertop or desk. This scanner is a valuable addition to businesses looking to streamline
