

TORNADO TAFT-1000-GS | Double Air Fryer 9L

Model: TAFT-1000-GS

Manufacturer: TORNADO

EAN: 6221127476057

Product Code: 1450231

R2,814

Designed for busy households, the Tornado Dual Zone Air Fryer 9 L delivers flexibility at home. Two independent 4.5 L drawers powered by a robust 3 100 W dual-element system let you roast salmon in one zone while crisping fries in the other, then automatically synchronize completion with Sync-Finish so every dish is ready at once. Twelve one-touch programs—including fries, fish, steak, vegetables, chicken, bacon, shrimp, pizza, sausages, dry fruit and a 60- to 540-minute dehydrate cycle—bring everyday favourites within easy reach, or you can fine-tune settings between 60–200 °C manually. Illuminated viewing windows and interior lights keep you in control without heat loss; dishwasher-safe, non-stick baskets slash clean-up time. Automatic standby after two minutes, over-heat cut-out and cool-touch walls—enough capacity to feed up to ten people.
