

Lindy 36520 DisplayPort cable 1 m Black

Model: 36520

Manufacturer: LINDY

EAN: 4002888365208

Product Code: 1451133

R1,207

From the Lines cable connectivity concept developed by Lindy, Black Line DisplayPort 2.1 cables are fully featured, entry level high resolution connection solutions, perfect for home and small office use.

UHD resolutions up to 16K 15360x8640@60Hz 4:4:4 10-Bit With DSC (Display Screen Compression). DSC is a visually lossless compression standard that allows higher resolutions and refresh rates by reducing the data bandwidth required for transmission. Black Line DisplayPort cables are also capable of transmitting 32 channel audio and Dolby True HD.

With support for the full 80Gbps bandwidth of DisplayPort 2.1 (UHBR20), Black Line cables deliver the highest possible data rates over a passive copper connection. This enables uncompressed 8K video at 60Hz with 10-bit 4:4:4 chroma, or 4K at ultra-high refresh rates up to 240Hz ideal for immersive applications such as high-end gaming, virtual production, simulation, and medical imaging. The extreme bandwidth also ensures full compatibility with emerging upto 16K display formats when using DSC.
