The Manhattan Stereo Headset delivers classic styling and modern audio performance. The fully padded ear cushions and single headband with inner sling adjust to fit almost any listener. Its lightweight design with flexible metal boom microphone provides clear, quality performance for music and movie listening and hands-free online communications. The microphone cover helps reduce "pop" and distortion for clear voice transmission. An in-line rotary control fingertip provides convenience for quick volume adjustments. A long, durable cable with nylon mesh protective jacket maintains a reliable connection from almost anywhere in the room.
