R844

Connect and charge USB Type-C devices, including iPhone 15 and up, with this USB-C to USB-A Cable

This USB-C™ to USB-A cable makes it easy to charge and sync USB Type-C™ mobile devices using the USB-A port on your computer or a standard USB-A wall charger, car charger or power bank.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Charge and sync your mobile devices while you’re on the road

This non-standard 0.5-meter cable is great for close-range connections to charge and sync your USB Type-C™ mobile devices from your laptop.

You can also use the cable to charge your USB-C devices from a USB-A wall charger, car charger or power bank. It’s the ideal cable for commuters, for in-car use or to reduce clutter when syncing with your laptop.

Keep as a spare while traveling

Replace the USB-C charging cable that came with your device or keep one as a spare in your laptop bag, backpack or other carrying case.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
