Canon Mount Adapter EF-EOS R

Model: 2971C005

Manufacturer: CANON

EAN: 4549292115703

Product Code: 1454242

R2,934

Connect your EF lens to your new EOS R system camera with this specially designed adapter. Built to maintain the same levels of performance and functionality seen on EOS DSLRs, you can continue to shoot with your current EF lenses as you explore the new optical system of the EOS R camera. Canon EOS R adapters are weather-sealed against dust and moisture, ready to be used on location.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
