The mATX all-rounder – Compact and multifunctional mATX chassis... whether horizontally or vertically positioned, the CS-12B-300 remains an eyecatcher. All components are easily installed thanks to the quick-release bracket technology. With 4 expansion slots, up to 4x Half-Height PCI cards can be installed. The CS-12B-300 comes bundled with the powerful low-noise TFX power supply GPF-300P.
