APC BVX900LI-GR uninterruptible power supply (UPS) Line-Interactive 0.9 kVA 480 W 2 AC outlet(s)

Model: BVX900LI-GR

Manufacturer: APC

EAN: 731304404590

Product Code: 1455171

R3,201

Access monitoring

Detect access by unauthorized personnel via door switch.

Transformer-block spaced outlets

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

Protect equipment with input transformer blocks without blocking access to other receptacles.

Sleek design

Slim, modern design can be upright, flat, or wall-mounted to comfortably fit any electronics set-up and complement home décor.

Cold-start capable

Provides temporary battery power when the utility power is out.

Boost Automatic Voltage Regulation (AVR)

Preserves battery life and maximizes runtime by correcting low voltages without discharging the battery.

Battery failure notification

Provides early-warning fault analysis on batteries enabling timely preventive maintenance

Advanced Safety Features

Safeguard your Home UPS from overloads, excessive mains voltages, short circuits, installation mishaps and battery damage due to low voltage situations.

Intelligent battery management

Maximizes battery performance, life, and reliability through intelligent, precision charging.

Safety-agency approved

Ensures the product has been tested and approved to work safely with the connected service provider equipment and within the specified environment.

Battery backup and surge protection

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

Outlets provide abundant runtime for network gateway equipment and other critical low-power devices, allowing for hours of internet access during a power outage.

Battery and surge protected outlets

Back up and protect your hardware and data during power outages, surges and spikes.

LED Indicators

Provide easy-to-read status of the unit and utility power conditions.

Audible alarms

Provides notification of changing utility power and UPS power conditions

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
