GDS 18V-1000 C Professional: Further information

Product Highlights

The GDS 18V-1000 C Professional 1/2’’ impact wrench with BITURBO Brushless technology and adjustable modes goes full power on tough jobs. Its BITURBO Brushless technology combines a strong 1,000 Nm tightening and 1,600 Nm breakaway torque performance, fully optimised for ProCORE18V batteries. Two default modes on the user interface, metal mode (A) and wood mode (B), to avoid broken screwheads and the loss of metal bolts or nuts, by slowing down or shutting off the impact wrench. Each mode is customisable via the Bosch Toolbox App. For added flexibility and control, this cordless impact wrench is equipped with three different speed/torque settings.

Equipment & Application

Tough on the job, the GDS 18V-1000 C Professional is the right choice for tightening and removing metal bolts and nuts up to M 24 in different working areas, from structural steel construction to pipe fitting, vehicle maintenance, or when using screws/lag bolts in wood construction. It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System), for maximum power use ProCORE18V ≥ 5.5 Ah.
