

COUGAR CPU Water Cooling Poseidon-GT 240, ARGB, Black

Model: CGR-POSEIDON GT 240

Manufacturer: COUGAR

EAN: 4710483773600

Product Code: 1458140

R2,527

POSEIDON GT

High Performance AIO Liquid Cooler

POSEIDON-GT AIO liquid cooler empowers high cooling performance. With the unique 90-degree UTTERIGHT fins, high-efficiency fans and glorious ARGB lighting in infinity mirror design, your system will look great and run better.

"UTTERIGHT" Fins Design For Efficient Heat Transfer

The heat transfer surface is built with UTTERIGHT fins which are shaped at right angle. Such design allows for greater heat transfer area and provides an increased efficiency of heat transfer compared to common fins.

Brilliant ARGB Lighting with Infinity Mirror

The pump head with ARGB lighting in infinity mirror design brings aesthetics to your PC, turning it into an incredible piece of art.

Rotatable Pump Head For Logo Orientation

The rotatable pump head is designed for logo re-orientation. Effortlessly adjust it as you build the PC to keep your setup perfect.

High-efficiency Fan for Radiator

POSEIDON-GT is equipped with MHP 120 fans which collaborate with the radiator effectively. With the high performance (4.24 mmH2O, 82.48 CFM, 2000 RPM) and metal-reinforced bearing, it can keep your CPU temperature cooler with excellent stability and durability.

Durable and Sturdy ZrO_2 Bearing

The pump bearing is made of ZrO_2 providing higher strength and toughness to enhance the durability. Reliable and strong!

Control Fans & Lighting with Core Box V3

COUGAR CORE BOX V3 is designed to control PWM fans and ARGB lighting at the same time. A great assistant to manage the components. Equip it and unleash the true potential.

LGA 1700 READY

POSEIDON-GT cooler completely comes with all the mounting hardware you need for modern platforms, including AMD AM4, Intel LGA 1200 and LGA 1700. Installation takes just minutes!
