At a near-weightless 63 grams*, the Minos NEO keeps you light on your feet, letting you effortlessly execute maneuvers with fluid ease.
*Weight excludes cable

Precision Strike

Equipped with a PixArt PAW 3327 optical sensor, the Minos NEO delivers precise tracking and pinpoint accuracy at 6200 DPI.

Zero Latency

The Minos NEO’s 1000 Hz polling rate allows for instantaneous input registration with zero latency.

Playing the Long Game

30 million click switches provide a superior tactile experience, dramatically reducing response time as well enhancing durability.

5 RGB Lighting Effects

Choose from five different effects to personalize your gaming without the need for control software.

Ultraflex Cable

The Minos NEO's Ultraflex cable minimizes drag and interference, giving you quicker, smoother swipes for ultimate control.
