Manhattan HDMI to DVI Cables help deliver the brightest, most accurate colours and sharpest detail when connecting high-definition televisions, LCD and plasma displays, digital satellite receivers, DVD players, digital projectors and other DVI- or HDMI-equipped display devices. Manhattan HDMI to DVI Cables are engineered and constructed of quality materials to deliver dependable transmissions in digital video applications. Full foil and braided shielding, moulded boots with strain relief, protective PVC jackets and gold-plated connections help provide maximum conductivity and clear, crisp signal transmissions with reduced distortion.
