Manhattan Hi-Speed USB 2.0 Extension Cables easily lengthen connections between computers and USB-powered peripherals. Ideal for use with printers, keyboards, external enclosures and an expanding assortment of digital devices, Manhattan Hi-Speed USB 2.0 Extension Cables are engineered and constructed of quality materials that support data transfer rates up to 480 Mbps to deliver dependable, error-free transmissions over longer distances. Full foil and braided shielding, gold-plated contacts and moulded boots with strain relief help assure maximum conductivity for the fast connection of USB-enabled devices with reduced EMI interference and minimal data degradation.
