

LogiLink ID0031 mouse Universal Ambidextrous RF Wireless Optical 1600 DPI

Model: ID0031

Manufacturer: LOGILINK

EAN: 4052792004151

Product Code: 1460280

R872

Product information "Maus optical wireless 2.4 GHz Mini, black" from LogiLink

The LogiLink Mini Notebook Mouse with 2.40 GHz technology features an optical sensor and a 800 dpi resolution for a high precision and fast operation. A Connection is built via the included USB Micro dongle and recognizes the mouse automatically by the Auto Link function. The mini dongle can be stored for transportation in a compartment in the mouse.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
