

ICY BOX IB-129SSK-B 13.3 cm (5.25") Bezel panel Black

Model: IB-129SSK-B

Manufacturer: ICY BOX

EAN: 4250078188438

Product Code: 1460691

R1,502

No tray = double the speed

The fact that the HDD does not need to be screwed to a tray makes the HDD installation much faster. A 5.25" bay is needed on the PC. SATA HDDs are supported SATA I/II/III.

No fan = whisper silent

This mobile rack is made almost completely from aluminium, only the front and back panels are made of hard plastic. Aluminium is very stable, very light and on top of everything else, it dissipate heat perfectly. That is why no fan is needed in order to protect the HDDs. In case still wished, a 12V fan can be installed (not delivered in the package).

No worries = locked

In order that the HDD will stay protected at all times, a lock was added. In this way, no unauthorized person will be able to reach your data. An LED indicator provides information regarding HDD access and activity.
