3M 7000116558 transfer tape

Model: 7000116558

Manufacturer: 3M

EAN: 5010027128569

Product Code: 1463004

R3,622

3M™ Adhesive Transfer Tape 950 is a 300 high strength acrylic adhesive on a 90µm #60 densified kraft paper liner.

Use 3M™ Adhesive Transfer Tape 950 for a variety of high tack, thin applications where an aggressive adhesive with high initial adhesion is desired. Our tape is general purpose and offers good UV and chemical resistance. It bonds high and low surface energy substrates and textured plastics, foams, fabrics, and coated papers. It’s a high strength acrylic adhesive on a densified kraft paper liner that can also be used for splicing of film, foils and fabrics, and laminating foams, photos, fabrics, metal or plastic nameplates.
