R7,145

Impress Everyone in Every Meeting

Yealink UVC34 enables you to impress everyone in video meetings no matter where work happens. UVC34 integrates with a 4K AI-driven camera, microphone arrays, and speaker into a single device, bringing stunning video and audio experiences for small and huddle rooms. Moreover, the all-in-one and plug-and-play design make it portable and simple to set up, no matter where you're working.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Immersive Video Experience

By automatically framing participants, the 4K ultra-HD camera delivers a crystal-clear and engaging video experience to remote participants.
Featuring a 120° super-wide-angle len with 5x digital zoom, UVC34 captures tiny details in the room.

Superior Audio Performance

With Yealink Noise Proof Technology, dereverberation and full-duplex features, the built-in 8 microphone array, and 5W high fidelity speaker allow users to hear and to be heard clearly without distraction.

All-in-one Design, Plug and Play

Easy And Effective

UVC34 integrates with a 4K AI-driven camera, microphone arrays, and speaker into a single device. Thanks to the compact design, admins save a lot of effort in deploying and maintaining devices. With the plug-and-play feature, you can simply walk into your next meeting with everything you need at your fingertips. No extra drivers and software are needed. Just an easy and effective solution for you to start a meeting no matter where you want.
