

Hama 00176638 socket-outlet CEE 7/7 White

Model: 00176638

Manufacturer: HAMA

EAN: 4047443508782

Product Code: 1465155

R1,064

Smart Home without a gateway

Our WLAN socket works without any gateway (hub): you don't need an additional device, and you save on extra costs since the socket establishes a direct WiFi connection to the router

Powerful

Powerful, intelligent socket: suitable for all devices up to 3680 Watts - whether they be decorative lighting, fans or entertainment electronics

Compact and discreet

Smart and sleek: the compact shape with its discreet design blends in harmoniously and unobtrusively into any living space

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Extremely compact design

Space-saving and intelligent: the extremely compact design of the Smart socket integrates perfectly in confined spaces, since the space-saving construction does not cover any adjacent or sockets

Can be extended at will with other Smart Home products

Step by step to the Smart Home: with the Hama Smart Home app, you can expand and network your smart home with any number of Hama Smart Home products

Easy operation from anywhere via the app

Whether it be the sofa or the sun lounger: with the Hama Smart Home app, you can control your WiFi socket from anywhere and you have control over all the devices connected to it at all times

Convenient voice control

Whether it be Amazon Alexa or Google Assistant: conveniently control the devices that are connected to the Smart Home sockets via spoken commands

Matter Smart Home Standard

It doesn't matter: with the Matter Smart Home standard, you can connect the WLAN socket, regardless of the manufacturer, to any Matter-compatible app, such as Alexa, Apple Home or Google Home - so you can control smart devices around the home with even more convenience
