R1,645

Helsinki is a recycled MagSafe wallet case perfect for those that appreciate the features of a wallet case while also wanting effortless wireless charging. But that’s not all. Helsinki is made from recycled and recyclable materials equivalent to 2x0.5 plastic bottles – protecting both your phone and the planet. The front of the case features a flip wallet made from recycled vegan leather, while the back is made from clear recycled plastic with a black built-in MagSafe magnet.

- Made from GRS-certified recycled and recyclable materials (1 case=2x0.5l plastic bottles)
- Clear back with built-in MagSafe magnet
- Front wallet made from recycled vegan leather
- Slim yet impact-protective design
- Holds up to 3 cards
