

Bosch Zamo Laser distance meter Black, Green 25 m

Model: 0603672900

Manufacturer: BOSCH

EAN: 4059952569604

Product Code: 1465564

R2,397

Measures lengths, areas, and objects simply and precisely

With the Zamo laser measure, it's easy to determine room lengths or heights for furniture arrangement or work out flooring or paint requirements when renovating. Positioned, pointed, and with the press of a button, the Zamo precisely measures distances up to 25 metres. It also calculates square metres, making it highly practical for estimating wallpaper, flooring, or other material needs. For more convenience, this easy-to-use tool has additional measuring functionality thanks to three separately available attachments: A line for levelling pictures or other objects, a wheel for measuring curves and uneven surfaces, and a 1.5-metre tape for measuring freestanding objects and circumferences. There's no need to write down every measurement when using the Zamo as this device smartly saves the 10 most recent values. This handy laser measure is always up to date and ready for use: An integrated USB-C® interface ensures effortless recharging and software updates.
