

Verbatim Mini GaN Charger 165W 4 Port US plug with EU and UK adaptors

Model: 32216

Manufacturer: VERBATIM

EAN: 023942322160

Product Code: 1466047

R1,977

4-in-1 Charging

Verbatim's 165W Mini GaN Charger combines three USB-C® and one USB-A port into a compact, pocket-sized design. Capable of charging up to 4 devices simultaneously, the USB-C ports support PD 3.1 (Power Delivery) at 140W and PD 3.0 at 100W and 65W respectively while the USB-A port supports QC 3.0. Ideal for the office, home or travelling to power your laptop, tablet, smartphone, gaming devices, and more.

With its foldable US prongs and replaceable EU and UK plugs, it's the ultimate travel companion.

Advanced GaN Technology

Gallium Nitride (GaN) technology delivers high-powered, fast, efficient charging, and generates less heat. GaN chargers are smaller and lighter than traditional silicon-based chargers, making them ultra-portable and ideal for travel.

Verbatim Mini GaN Chargers feature an advanced chipset that allows for an even more compact design than regular GaN chargers without sacrificing power. This innovative technology not only reduces the charger's size but also minimises heat generation, delivering safer and more efficient charging in a portable form factor.

Safe and Reliable

The Mini GaN charger is made with high-quality, flame-resistant materials and features four safety protection systems, including over-current protection, over-voltage protection, short circuit protection, and over-temperature protection to ensure your safety while charging.
