chamber and grants a uniform distribution of heat in its interior. It is the hot air that allows an homogeneous cooking of the dishes and the presence of a crispy crust, just as good as traditional frying. Thanks to the hot air, it won’t be necessary to add so much oil to obtain tasty fried food, because just a tablespoon will suffice; this way you will bring to the table lighter dishes, but tasty for the whole family. Fry and bake the way you and your family like. You can use the accessories supplied: 3 pierced baskets made of stainless steel to separate food and cook simultaneously, a rotating basket for a uniform cooking and a spit for roasting chicken.By using the handles, it is possible to adjust cooking times, programs, temperature and timer. Air fryer and oven Vintage is easy to clean and it has a low environmental impact, because it doesn’t produce waste oil, one of the most difficult waste in circulation to dispose of.
