i-tec SOLOMON 700 STREAM 4K Webcam Ring Light

Model: CAMSOLOMON4K700

Manufacturer: I-TEC

EAN: 8595611707926

Product Code: 1467327

R2,135

The i-tec SOLOMON 700 STREAM is an all-in-one solution for users who know exactly what they need. It delivers 4K resolution, supports Full HD at 60 fps, and allows recording in both 16:9 and 9:16 formats—perfect for modern content creation.

An integrated adjustable LED ring light eliminates the need for external lighting, while PDAF autofocus ensures sharp and stable focus at all times. Combined with stereo microphones, this camera is ideal not only for streamers, but also for online training, webinars, and professional presentations.

AUTOMATIC IMAGE OPTIMIZATION

- Phase Detection Autofocus (PDAF) delivers fast and precise focusing by calculating subject distance directly on the image sensor. It eliminates focus hunting and keeps the subject sharp even during movement, ensuring a stable, professional image.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- Automatic Exposure (AE) automatically adapts brightness and contrast to changing lighting conditions, keeping the subject clearly visible without overexposed highlights or dark shadows, all without manual adjustment.
- Automatic White Balance (AWB) automatically adapts color temperature to different lighting conditions, keeping whites neutral and skin tones natural for consistent, accurate color reproduction without manual adjustment.
- Automatic Black Level Control (ABLC) dynamically adjusts black levels to preserve shadow detail and contrast, preventing crushed shadows or washed-out blacks for a deeper, more balanced image.
