Heart Dock 2255 is made for those who ask for more. For people who don’t stop at “good enough.” Did it absolutely need a Kensington Security Slot ™ ? No. Was VESA ® mounting required? Not necessarily. Does every DockingStation offer DisplayLink ® and dual 4K support?
Definitely not. But Heart Dock 2255 includes all of it because it’s built for users who go the extra mile and expect their setup to do the same.
You don’t settle for less and neither does Heart Dock 2255.
