From salt and pepper to flavorful spices, the De Luxe Spice Mill by WMF promises fresh grinding in an instant. Its exclusive ceramic grinding mechanism—harder than metal, food-neutral, and free from wear, corrosion and abrasion—comes with a 10-year warranty*. Perfectly adapted to all your seasoning needs, its convenient setting wheel offers adjustable grinding from fine to coarse, while an aroma protection lid protects the spice grinder's mechanism from moisture—all while preserving the full aroma of the spices inside. Crafted from elegant matte Cromargan®, transparent glass and high-quality plastic, this spice mill ensures practical visualization and refilling via a wide opening. Rounding it off is the grinding mechanism's top-up design to keep surfaces clean, as well as a dishwasher-safe spice glass for effortless cleaning.
