LogiLink AU0002F interface cards/adapter RS-232, USB 2.0

Model: AU0002F

Manufacturer: LOGILINK

EAN: 4052792067682

Product Code: 1472538

R914

This compact adapter from LogiLink enables the operation of serial (also called Com Port or RS232 interface) devices on the USB 2.0 port. Ideally suited to operate serial devices such as modems or ISDN adapters as well as older hardware on notebooks and PCs of newer generations that do not have a serial port. An 80 cm USB extension cable is included.
