Frantic mouse-clicking in the office can often distract you from what's important. Bring a little bit of peace and quiet to the office with our whisper-quiet "Canosa V2" Bluetooth mouse. This will bring back calm for left and right-handers!

- Whisper-quiet keys for undisturbed and relaxed working with the mouse
- Rubberized side surface for improved grip and comfort
- Separate on/off switch allows for energy-saving use of the mouse
- The perfectly symmetrical shape accommodates both left-handed and right-handed users
- Storable USB receiver can be transported inside the housing to save space
- High-resolution optical sensor ensures precise and smooth control of the mouse cursor
- Dpi switch for adjusting the pointer speed
