

WiZ NFC Tag 4 pieces

Model: 929003266901

Manufacturer: PHILIPS

EAN: 8720169072411

Product Code: 1473649

R877

Easy, wireless control

Set lights with the touch of a button

WiZ NFC tags can help you set your favourite light modes quickly. Simply stick these customisable tags and tap them with your phone. You can personalise the tags to turn lights on or off, trigger focus mode for working at home, set lights to party mode to boogie on down with your friends, or any other setting you desire. Quick and easy, no batteries required.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
