Bulb Cam offers 2 different camera pixel options, so you can choose the one that suits you best.

Very simple installation via E26/E27 universal screws

No more complicated wiring work, Bulb Cam can fit all E26/E27 screws, just simply tighten it and you are done with the installation.

Panoramic pan & tilt for 360° protection

Bulb Cam supports 0°-340° horizontal rotation and 0°-90° vertical rotation to fully protect your home with a 360° view.

Powered by IMOU SENSE™ precision AI

IMOU SENSE™ is a self-developed AI algorithm under the IMOU brand, the usage of cutting-edge technology in the industry allows your Bulb Cam to be up to 50% more accurate than ordinary products using CPU algorithms and feedback the detection result to you within 0.02 seconds.

Light the night up with smartness

Bulb Cam can adjust different night vision modes according to your needs, whether you want the night vision to remain in full color all the time or want to turn on full color only when there is an event to save energy, it can always satisfy you.

Accurate human and vehicle detection

Powered by IMOU SENSE™, the newly upgraded AI human and vehicle detection can effectively reduce false alarms caused by mosquitoes and tree shaking. The effective detection range can reach 22 meters for persons and 44 meters¹ for cars, respectively ensuring that detection is truly "accurate".

Protect according to your preferences
