Dual monitor desk mount with support for up to 27" monitors with height adjustable spring arm

This crossbar monitor desk mount is designed to support up to two 27-inch displays, creating an ergonomic multi-monitor setup that provides an extensive viewing area for productivity. The built-in handle enables moving all monitors simultaneously, while the spring-assisted arm enables multiple adjustments to suit different ergonomic needs.

Height Adjustment with One Smooth Motion

The mechanical spring arm enables toolless height adjustment of up to 12.9in (32.7cm) with effortless one-touch motion. The maximum arm extension is 22.6in (57.4cm) and a total weight capacity of 33lb (15kg).

Visual Experience

This monitor mount is ideal for bezel-less or slim bezel displays, creating a more extensive and seamless viewing experience that enhances multitasking and productivity. The VESA mounts can slide along the crossbar, allowing for further adjustments.

Range of Motion

The monitors' VESA mounts enable support +/-15° swivel, +65/-15° tilt, and 360° screen rotation for portrait/landscape orientation.

Cable Management

To maintain an organized workspace, the arms feature a cable management channel along the underside to keep cables out of sight, reducing clutter and contributing to a tidy setup.
