Extremely fast charging

Fast charging technologies Power Delivery and Qualcomm® Quick Charge™ 3.0 guarantee extra-quick charging, faster than with conventional chargers

Battery-sparing charging

Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.

Safe charging

Certified cells for maximum quality and safe charging: overcharge, overvoltage, overheating and short circuit protection

Powerbank with display

Detailed data at a glance: the high-quality TFT colour display of the Fast Charge powerbank shows the percentage of energy left in the mobile charger and the output power of the individual sockets and the total power in Watts

Universal use

Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones

Low power mode

For the little ones: the power pack also recognises less power-hungry devices and supplies them with new energy by switching to low power mode

High performance, compact format

Lots inside, very little fuss: the mobile charger fits in any pocket and hand luggage
