COUGAR Midi Tower Case, Airface FLO, ARGB, Black

Model: CGR-5YA6B-RGB

Manufacturer: COUGAR

EAN: 4711649770167

Product Code: 1475605

R2,749

Classic Design. Powerful Cooling.

The Airface Flo RGB continues the “cooling first” design philosophy of the Airface ECO RGB with dual pre-installed 180mm ARGB PWM fronted by a classic mesh panel, delivering powerful airflow with classic style.

Features such as the quick-slide dust filter, removable top panel and detachable front bracket have been inherited from the Airface ECO RGB, as well as a modular front I/O which allows for versatile placement options so that all your ports and buttons are easily accessed regardless of the case’s orientation.

Preinstalled Front 180mm ARGB PWM Cooling Fans

Two powerful 180mm ARGB PWM front cooling fans keep your system cool under heavy loads. These fans are preinstalled to provide optimal airflow right out of the box, with speeds that modulate according to your system’s needs. The Airface Flo RGB also comes with a preinstalled 120mm rear exhaust fan.

Classic Mesh Front Panel

The classic good looks of the mesh front panel perfectly complement the dual 180mm ARGB PWM fan-powered cooling.

Modular Front I/O

Whether you prefer your ports and buttons on the top or bottom, this feature allows you to position them wherever they are most convenient for you. This adaptability ensures that all your connections are easily accessible, no matter which way you orient your case.The Airface Flo RGB’s I/O panel includes USB-C 3.2 Gen 2×1 Type-C x 1, USB 3.0 Type-A x 2 ports, 4 pole headphone jack, RGB button.

Full Protection from Dust

Filters on the three ventilated sides – front, top, bottom – effectively prevent dust from entering, keeping your components clean. The front quick slide dust filter pulls out without removing the front panel, making maintenance a breeze, and the addition of a rubber tag augments the ease of use by providing a better grip on the filter. The top side filter attaches magnetically while the bottom filter slides out for easy removal.

Easiest. Assembly. Ever.
The removable top panel simplifies access to the interior of your case, giving you extra space to make assembling your rig a breeze.

Cooling Capacity

Support for up to a 360mm AIO radiator or an air cooler with a height of up to 190mm with the option to expand your cooling setup to 6 fans keeps your system performing at its best when the

game heats up.

Upgraded GPU Space

The Airface Flo RGB accommodates a maximum GPU length of 390mm, which can be set up both horizontally or vertically. Improved vertical GPU space provides more room for unobstructed airflow around the GPU.

Increased Cable Routing

Efficient cable management is crucial for both aesthetics and maintenance. Increased cable routing options allows you to keep your cables neatly organized and out of the way.

Drive Capacity

The Airface Flo RGB houses up to 1 x 2.5” SSD drives and 2 x 3.5” HDD drives.

Versatile Motherboard Compatibility

The Airface Flo RGB is compatible with Mini-ITX, Micro-ATX, ATX, CEB, and E-ATX motherboards, offering flexibility for various build configurations.
