R1,004

"Power bank 10000 mAh, 2x USB-A, USB-C, with fast charging, black" from LogiLink

The mobile powerbank (additional battery) from LogiLink is especially suitable for mobile phones and tablets with high power consumption and enables charging of end devices on the road. Due to the compact design and the low weight, this additional battery can easily accompany you everywhere and prevents your end devices from shutting down at the most unsuitable moments. The PA0316 has a capacity of 10.000 mAh and provides 2 USB-A ports. So two devices can be charged at the same time. In addition, the powerbank has an LED display that shows the current charging status of the power bank.
