diverse needs for different spaces and usage scenarios.

THE ULTIMATE MICROSOFT TEAMS ROOMS COMPANION

Engineered for seamless integration. Designed with a dedicated Meeting Mode, this display is the perfect partner for Microsoft Teams Rooms. It automatically wakes and sleeps in sync with your MTR system and can be managed directly from the console, delivering a truly streamlined and professional meeting experience.

CONNECT. MOUNT. COLLABORATE.

Engineered for hassle-free collaboration. Our multiple-size displays feature side-ported dongle pairing for effortless connectivity. They offer versatile mounting with an optional XBar series wall plate and a standard VESA bracket designed to securely hold any brand of video bar. Simplify your meeting space with purpose-built design.

ENDURING PERFORMANCE, ELEGANTLY ENGINEERED

Go beyond the ordinary with a display crafted for continuous commercial performance. It merges an elegant, minimalist aesthetic—featuring ultra-narrow bezels and a 95% screen-to-body ratio—with a rugged premium full-metal chassis engineered to withstand demanding environments. Inside, commercial-grade hardware and IP5X dust-resistant construction ensure flawless 24/7 operation day after day. Backed by an exceptional 100,000-hour lifespan, it offers unparalleled reliability and immersive visual clarity, year after year.
