High-speed cables deliver high-definition performance.

HDMI has become the standard digital connection, delivering the highest-quality audio and video signal over a single cable. Manhattan High Speed HDMI Cables are designed and carefully constructed to meet the evolving needs of the high-definition marketplace. Manhattan High Speed HDMI Shielded Cables provide 4K resolution and a bandwidth of 10.2 Gigabits per second at 340 MHz. These high-quality cables provide high-definition video and multichannel, digital audio with increased performance characteristics, greater accuracy and expanded features.
